## OUR STORY

We're more than just a skincare brand. We're a family-driven business rooted in the love for natural remedies and mindful care. Each product we offer carries a piece of our heart, soul, and a piece of our beautiful lavender fields. Let's take you behind the scenes at CRÈEM and introduce you to what makes our brand so special.

## Beginnings

CRÈEM began as a labor of love between father & daughter. Inspired by our family's lavender fields in the village of Visz, Hungary, we launched our business in 2020. The idea blossomed from a deep connection with nature and a desire to create something that healed not only the skin but also the soul. Our brand remains connected to its familial roots, staying as transparent with our community as we are with our own family.

## The Soul of the Brand

Our family estate is nestled in the Hungarian village of Visz, home to a two-hectare lavender field that we nurture with love and care. This lavender, harvested and distilled on our estate, forms the foundation of our skincare products. The soothing properties of lavender are not only cosmetic but also medicinal, which is why we decided to bring the highest quality of pure lavender oil to life and make it available to our community.

## Core Values

### Sustainability /

Using eco-friendly packaging and natural ingredients that don't harm the planet.

### Inclusivity /

Our gender-fluid skincare line is made for every body, regardless of skin type or identity.

### Authenticity /

Every product reflects our family's dedication to quality & thoughtful craftsmanship.

### Nature's Wisdom /

We harness the healing power of botanicals to create effective, nurturing skincare.

At CRÈEM, we are dedicated to  
creating inclusive, nature-driven  
skincare products that are  
both luxurious and sustainable,  
benefiting both the body and the soul.
